## **Patria Investments Signs Agreement to Acquire Credit Suisse's Real Estate Business in Brazil**

December 6, 2023

**Transaction allows Patria to further scale its Real Estate vertical through acquisition of team and funds totaling approximately R\$ 12 billion in assets under management, and positions the firm to manage one of the largest and most diversified portfolios in the Brazilian market**

GRAND CAYMAN, Cayman Islands, Dec. 06, 2023 (GLOBE NEWSWIRE) -- Patria Investments Limited ("Patria") (NASDAQ: PAX), a global alternative asset manager and market leader in Latin America, announces the signing of an agreement for the acquisition of Credit Suisse's Real Estate business in Brazil ("CSHG Real Estate"), for total cash consideration of up to R\$ 650 million (~US\$ 130 million). The transaction is structured with R\$ 300 million (~US\$ 60 million) due upon completion of standard regulatory approvals, and up to an additional R\$ 350 million (~US\$ 70 million) incrementally conditioned to the successful shareholder approval process and transfer of underlying real estate funds. The funds are listed on the Brazilian stock exchange, and together would add up to R\$ 12 billion (~US\$ 2.4 billion) in assets under management to Patria's Real Estate platform.

The CSHG Real Estate platform is one of the most relevant players in the Brazilian REIT market, ranking top 5 in market share and investing across a diverse range of market strategies including Logistics, Retail, Office and Receivables. The funds represent permanent capital AUM with significant scale, with four funds each having a market capitalization over R\$1.5 billion. The team of 25 professionals, who will join Patria following closing, have delivered AUM growth outpacing the IFIX market index by 900 basis points since 2017, and a portfolio that is currently delivering a weighted annualized dividend yield of more than 9%.

Patria has taken significant steps in recent years to scale its Real Estate platform in Latin America, now with a strong presence in Brazil, Colombia and Chile, and more than US\$ 3 billion in real estate assets under management as of November 2023. Notably, Patria acquired 50% of VBI, one of the largest independent real estate asset managers in Brazil in mid-2022, and recently closed a new joint venture with Bancolombia to anchor its presence in Colombia. Positioning CSHG Real Estate alongside VBI, Patria is expected to become the largest independent REIT manager in Brazil, reinforcing the attractive opportunities for asset management consolidation in this fragmented market.

Patria's Chief Executive Officer, Alex Saigh said: "This latest acquisition for our real estate business is a continuation of the M&A strategy we have conveyed since our IPO, and further exemplifies Patria's capability as a consolidator of high-performing asset managers in Latin America. Upon execution of the various approval stages of this transaction, we would add additional permanent capital AUM, and continue to grow the real estate asset class as a key component of our diversified investment platform."

Marcelo Fedak, partner and Head of Real Estate at Patria says: "We are very excited to welcome this talented investment team to Patria, and the funds in this platform are highly complementary to our existing real estate business in Brazil, which is through VBI Real Estate. The existing CSHG Real Estate team will continue to manage these funds, and this expansion gives us more comprehensive coverage of the largest and most relevant real estate sectors to offer an extensive menu of products to our clients."

The listed real estate funds (FII) market in Brazil now totals more than R\$ 161 billion, with annualized growth of 27% over the last five years (2018-2023), according to data from the Brazilian Association of Financial and Capital Markets Entities (Anbima). "FII represent an attractive option in the alternatives sector for high-net-worth, retail and institutional investors," comments Daniel Sorrentino, managing partner and head of Latin America coverage at Patria. "These products offer liquidity through exchange trading and tax efficiencies for individual investors, with room for growth in Brazil and other Latin American countries."

A presentation with additional information on the transaction will be posted to Patria's Investor Relations website at [ir.patria.com](http://ir.patria.com)
